

MD Musaddique Ali Erfan

Software developer

About Me

I am a student in Computer Science and Engineering at Ahsanullah university of science and technology(AUST) and I have an affinity for software development. I am looking for a challenging position in the sector so that I can leverage my expertise, creativity, and enthusiasm to promote innovation and progress. In order to develop my career, I constantly acquire knowledge and adjust to new technology and business practices. I aim to be an integral part of any team I work with. My ultimate objective is to make a major contribution to the advancement of the company while increasing my skill set in software development.
